REMARKS [REDACTED]

25X1X [REDACTED]

The Rotscherlinde (N 53/Z 32) improvised airfield was no longer occupied. The watchtower had been torn down, and a new one, about six meters high, was being built south of the Rotscherlinde-Krahne (N 53/Z 22) road. The wrecks of 15 Soviet and German aircraft were in a tree nursery at the southern edge of the field.

Comment :

The improvised airfield has been used as a training field by fighter units stationed in Brandenburg. An air unit is not permanently stationed in Rotscherlinde.
